CAREER OBJECTIVE

Motivated first-year Computer Science Engineering student with a solid foundation in C, C++, HTML, and CSS. Seeking a software development internship to apply programming skills, contribute to real-world projects, and grow within a dynamic tech environment. Quick learner with a passion for problem-solving and building impactful solutions.

PROJECTS

Government Bus Route System – Punjab Government

HTML CSS C

- Designed and developed a web-based interface for displaying government bus routes.
- Implemented route-search functionality allowing users to find bus timings and stops.
- Collaborated on project requirements aligned with public transport use cases.

Personal Portfolio Website

HTML CSS

- Built a responsive personal portfolio to showcase projects, skills, and contact info.
- Applied modern CSS layouts (Flexbox/Grid) for a clean, mobile-friendly design.

CERTIFICATIONS & ACHIEVEMENTS

- **SIH (Smart India Hackathon) Participant** 2025
